Boat & Yacht Insurance

Boat Insurance - Yacht Insurance - Watercraft Insurance - Jetski Insurance

According to information from the U.S. Coast Guard, property damage to boats has been increasing. Many states now require boats to be insured. If you have your boat on a loan or use a marina, you will probably also be required to insure your boat. If you are not required to insure your boat, it is important you still consider purchasing boat insurance. Watercraft Insurance or Boat Insurance is an important step. Boat insurance works similar to the insurance for your car, and can protect in the same way. But, since boats have different features than your car, you will want to make sure you have all the coverages you need and any savings that may lower your premium. Insurance coverages you will want for your boat:

- Liability
 - Physical Damage
 - Theft
 - Medical Payments
 - Motor Coverage
 - Trailer Coverage
 - Boat Covers
 - Docking Fenders
 - Communications Devices
 - New Boat
 - Automatic Fire Extinguisher
 - Burglar Alarm
 - Ship-To-Shore Radio
 - Approved Boating Education Course
- Discounts you may be entitled to:

Remember, since every boat is unique please make sure you check with us to see if you need any additional coverages or would be eligible for additional discounts.
